Summary:

Southpointe Academy is an educational enterprise serving a community of students, teachers, and parents. The success of the enterprise relies on all parties being fully committed to and contributing members of the school. For example, among other attributes of the school, students and parents are expected to uphold:

- The physical and psychological well-being of all other parties,
- The goals of the school and individual students,
- The focus on academic rigour, truth, trust, and honesty,
- The School's programs (academic, athletic, and co-curricular).

If, in the opinion of the Head of School, a student's participation in the School is not in the best interests of either the School or the student, he/she will be required to withdraw from the School at a time (possibly during the school year) determined by the Head of School.
